Daniel:

Could you confirm the hours for Sam Cheek since his hours seem to be more than yours as PTL? It looks like his hours may be after work hours work but we need to get that justified. Also, I noticed travel costs for Sam located on the 1900-55.

Also, I noticed that you did not have at least a few hours charged to the removal Tdd for each day. I am sure you did some air monitoring and recorded information in the logbook about the removal activities so you probably should have at least some time charged to the removal action. Your comment should indicate that your total hours for the day were split between the Removal and Assessment TDD so that it is obvious.

I am ready to sign but need some clarifications.

Thanks

Gary Moore

For the week ending 1.9.15.

Let me know if you have any questions.

Thanks,

Daniel
